

INTELYSE

A group of four business professionals are seated around a table in a modern office setting, engaged in a meeting. A man in a dark suit and tie is gesturing with his hands while speaking. To his left, a woman with curly hair is listening intently. Further left, another man is seen from the back, also listening. To the right of the speaker, another man with glasses is looking towards him. The background shows a large window with a view of a city skyline.
